C.R. Jensen

Dear Chris,

So babe, you actually made it through high school! It's kind of a funny feeling, isn't it? Just think, when people ask you this summer what you're doing next year, you won't be able to say "I'll be a junior, or a senior." Now you'll be able to tell them you're going to be a college man. Well, I guess this is stupid. I can't really picture saying goodbye to you because I know you so well. Remember the time you fell on your head and your eyes turned black? How about, "I wasn't making a face! When I make a face I go BLAH! BLAH!" I'll have to take a picture of you with a fat blackie this summer, okay? How about all those times at the keg and trying to get into other super dive bars? I wish I'd hurry up and turn 18. Remember that 1st party at your house? I guess you didn't have a very good time. You should have been on the back stairs with me. And at the 2nd party, when nobody could drink until Brian left? I guess they figured he'd put the screws to them with Boothe. I always loved riding around in your beaner car- I could just picture all the old bags on the road saying "oh look at the younger generation- they're going to the devil!" What am I gonna do without you in Homeroom next year. Oh, I forgot, I won't have homeroom. Remember all the times I'd come in to H.R. practically crying and then deny that something was wrong? Well, I guess those days are over. Who will you and Chip (alias the Traveler) make fun of next year? Remember the time you told me that John had to take me to the Christmas Ball because you flipped for it and he lost?

Well, I'm running out of space. I'm expecting to see alot of you this summer, so you'd better come through, okay? I'm really going to miss you alot, Chris. Just remember that Oneonta isn't too far from Colgate, so I hope you don't mind if I come to see you next year. Please don't forget me, okay? And whenever you're home next year, give me a call. I hope you find time to write to me.

Love always,
Lori Jean.

Chris,
It's hard writing
something when you know
some one so well. But what
can you do? It's been great
knowing you ever since good ol' 8th grade)
It sounds like I'm going to die. We've
gone through a lot of obstacles together. When
you come down to it I really never minded too much
your imitating me. You have really taught me
to talk slower, you've probably noticed (ya many am)
well I just want to leave you with a few words
of wisdom - Ta Ta Ta Taaaaa. love (little girl)
Mary Ann

P.S. Don't forget all
the good times Chris. there were
so many (seriously) the Christmas
Ball was a riot. and don't forget
to know you from "the Group" (+ Shultz's basement)
make me should just forget.

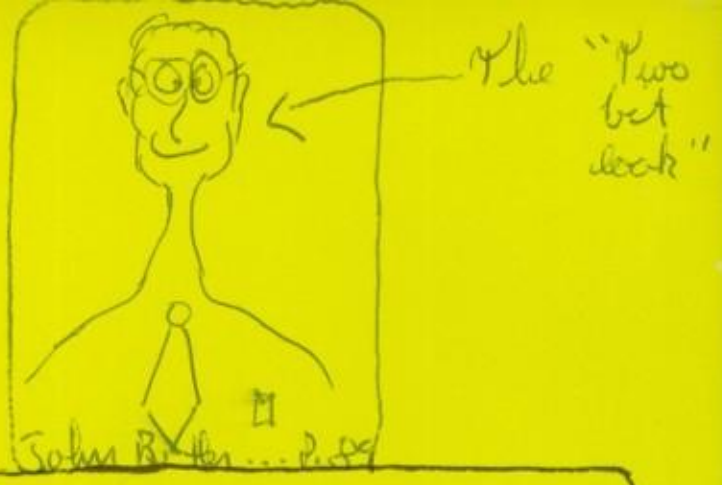
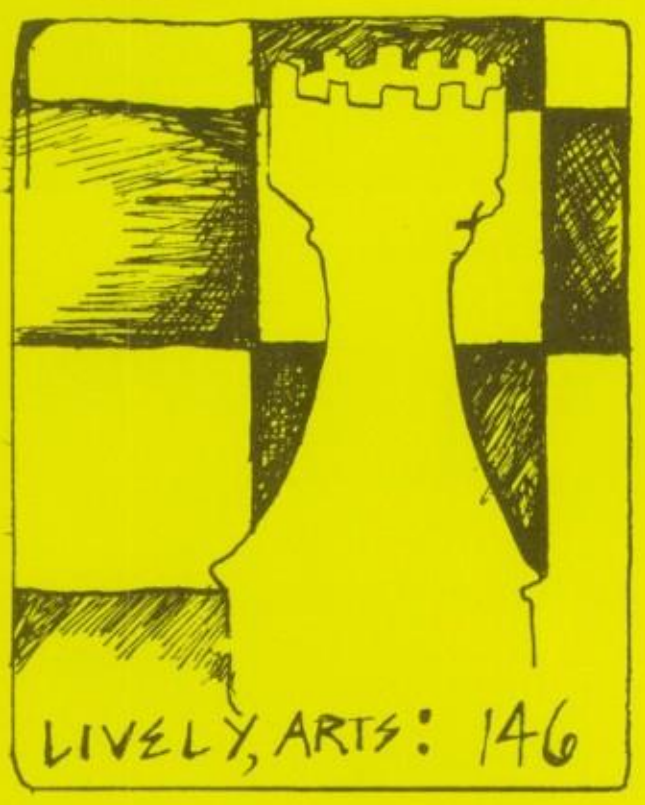
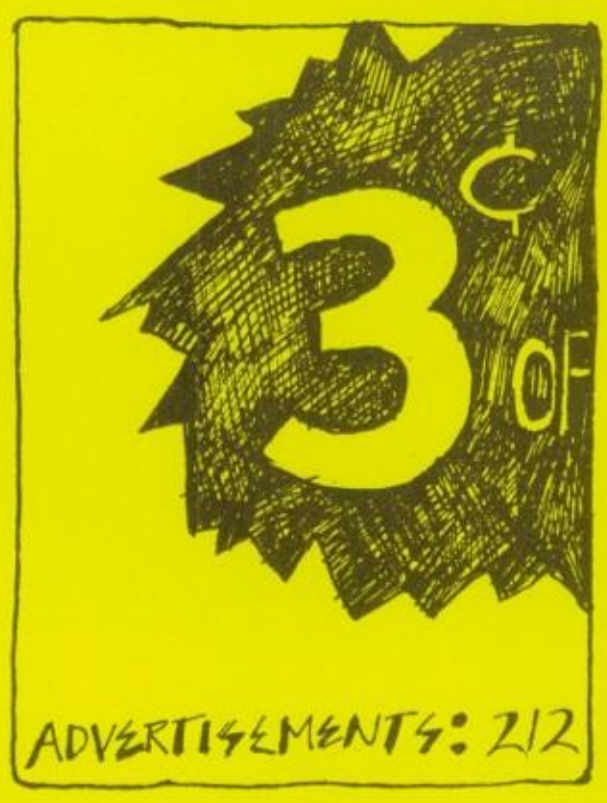
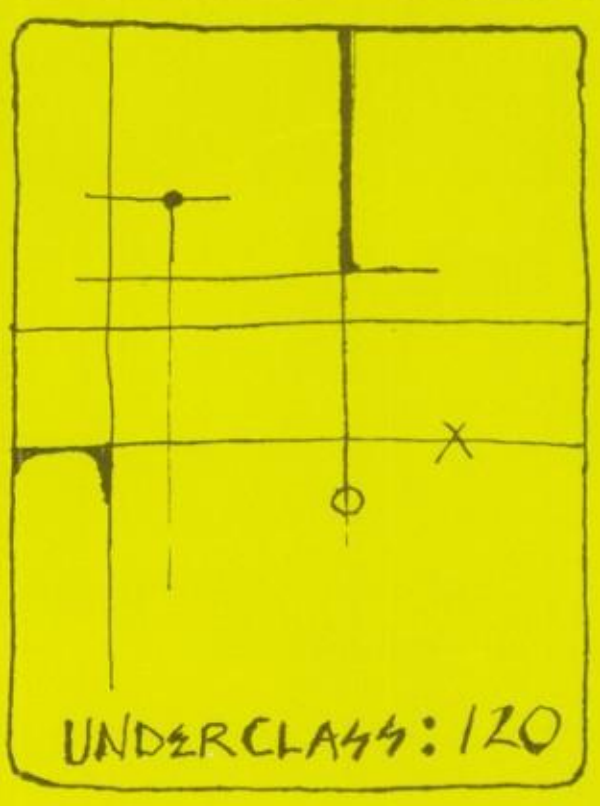
". . . and now, before we say 'goodbye' let us consider that these are the good old days we will remember"



When we remember our days at Niskayuna, many images come to our minds. We hear the crackling flames and smell the tang of the bonfire each fall. We see brisk sun filled days which were spent watching our football team. We see white flakes cover the ground in time for Thanksgiving, Christmas and basketball season. We remember the noisy confusion of a basketball game and the harmony of blended voices or instruments. We can still feel the tension of final exams and the bitter-sweet moments of graduation. With time, these memories fade and we wonder if they have become clouded in our minds as we think back through our high school years we also will remember them as a time of wonder and indecision about the future. We don't know what lies in the future, or what nature may bring. We can only hope that the time we spent was a part of "the good old days" and what we brought with us from Niskayuna will remain with us always.







Linda,

I'm glad I got to know you better this year, I hope next year we're in some classes together. Have a great summer, call me sometime & we'd something. Have fun etc... Love Ellen

Mr. Frank J. Lafforthun will retire this year after serving Niskayuna well for several years. Truly a gentleman and a scholar, Mr. Laffortun is a master of historic research in his second role of Charlton Historian. Best wishes from CROSSROADS '75 in your retirement.

Chris

We finally made 4 years and now we're out. Time flies when you having a good time. We've been together for about six years, you have been part of my life. Thank you for sharing your time and personality. I'll never forget the football? Good luck

R.M.TENT

Wish I could... but I can't. I'll see you this summer even if I have to drive over to the [illegible] mall and see you. Mama P.S. Just thought of something... remember my wedding steps

SENIORS

Chris -

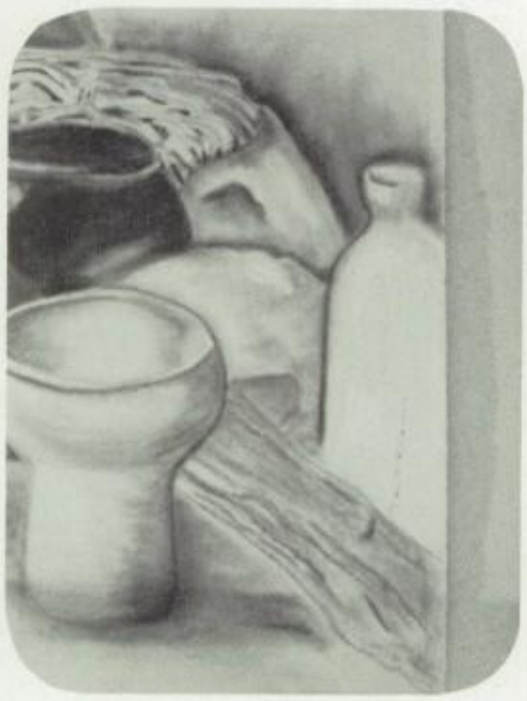
I don't want to turn on the Karo but I really want you to know that you are one of the best friends I have. There are some people that I'll miss especially just seeing and talking to. I always could turn to you when I wanted advice or an honest oppinion. You really seemed to care, person, whenever I just wanted to talk or laugh or even be sad you were there to depend on.

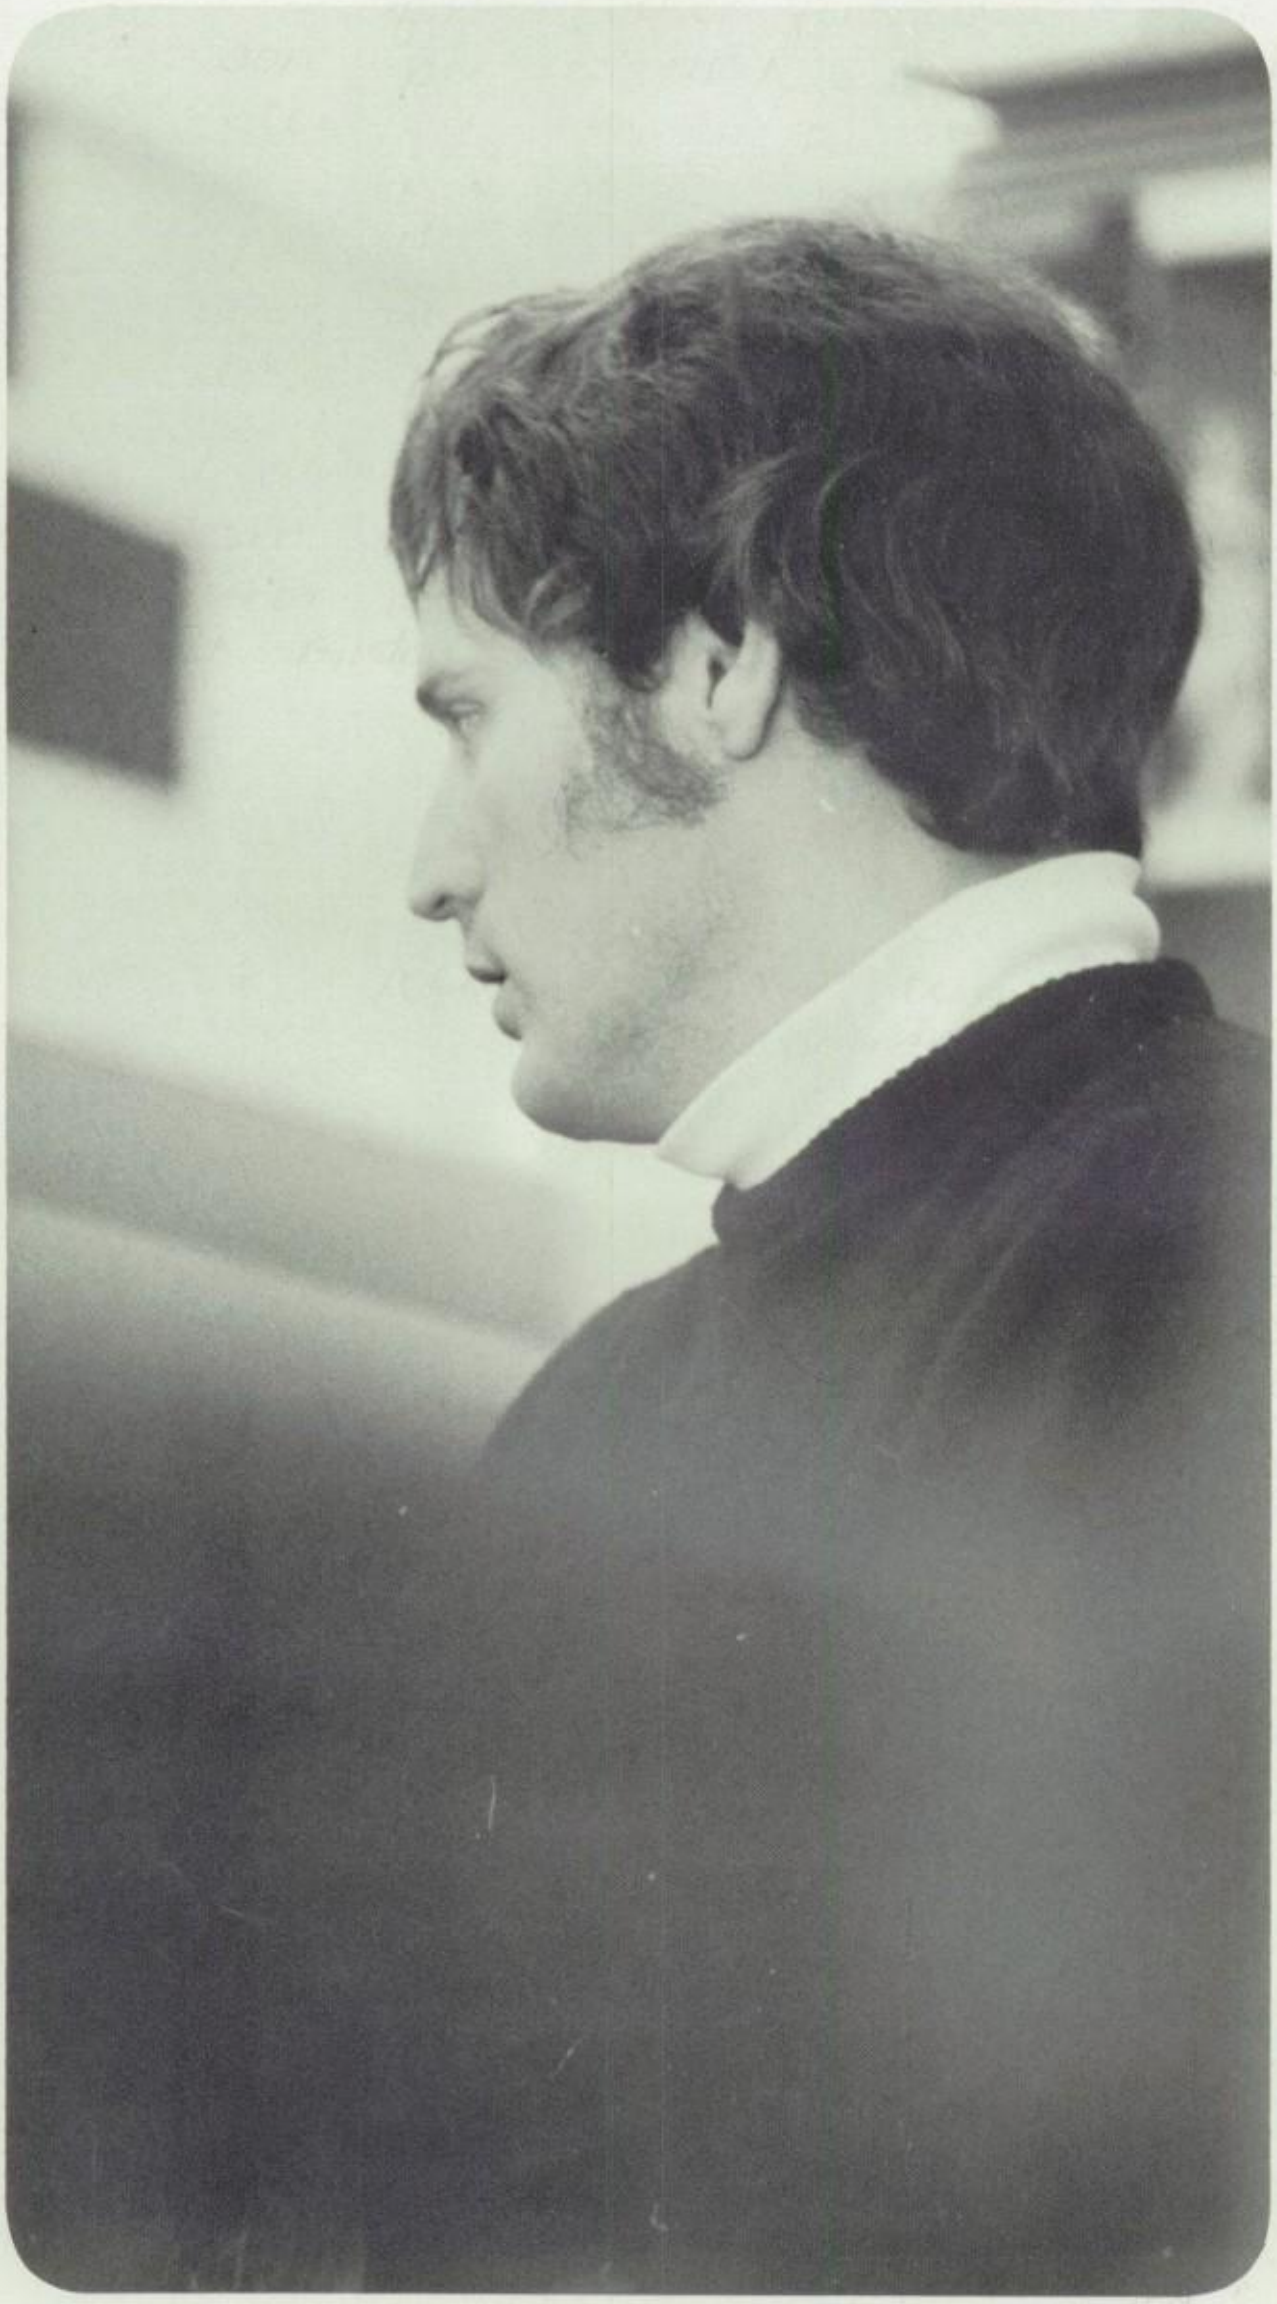
I don't think I better go on - it sounds like I'm writing your funeral eulogy - but I mean it and If you don't come and visit me at Middlebury I'm going to raid Oneonta.

Love Always

Joan

Remember those times Homing in the fiat (and Hashing in the vega)





DEDICATION:

In the four years we've been at Niskayuna, we've grown and learned many things. In our struggles we've found laughter and satisfaction, as well as disappointment when we have failed.

But we've always tried again - because we have had people to encourage and help us - people such as the teacher to whom we dedicate this yearbook.

He has done his best to sustain us by pushing and praising us in his classes; coaching the track team, cheering them on even in defeat: and always giving freely of his talent when asked, (as evidenced in any poster or mural which he has drawn). His enthusiasm and spirit has warmed us and brightened our memories of the past four years. We, the CLASS OF 1975 would like to show our appreciation to MR. LARRY COTTRELL by dedicating our yearbook to him. It is but a small gesture for the enrichment we have gained from our association with him.

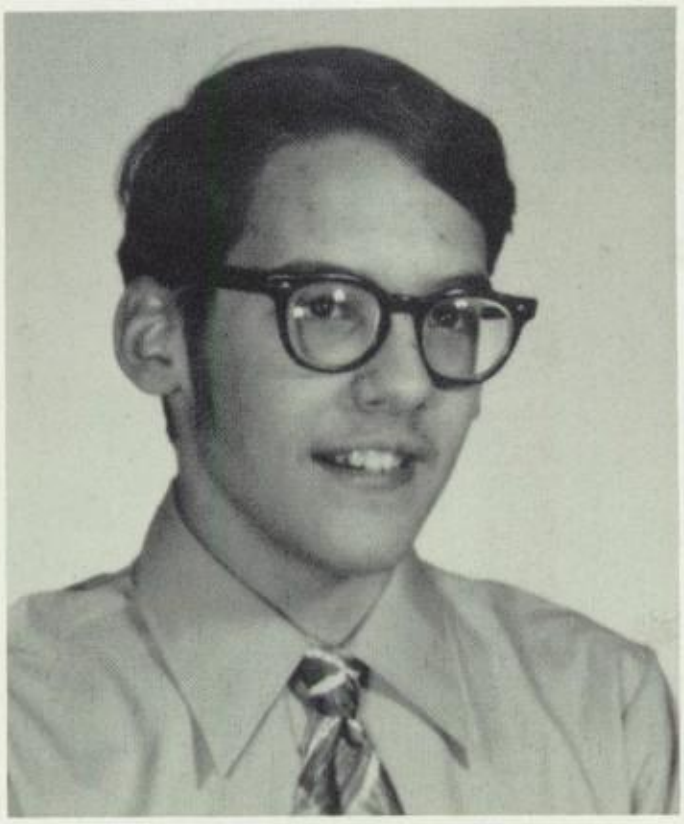
KEITH EDWARD PHILLIPS

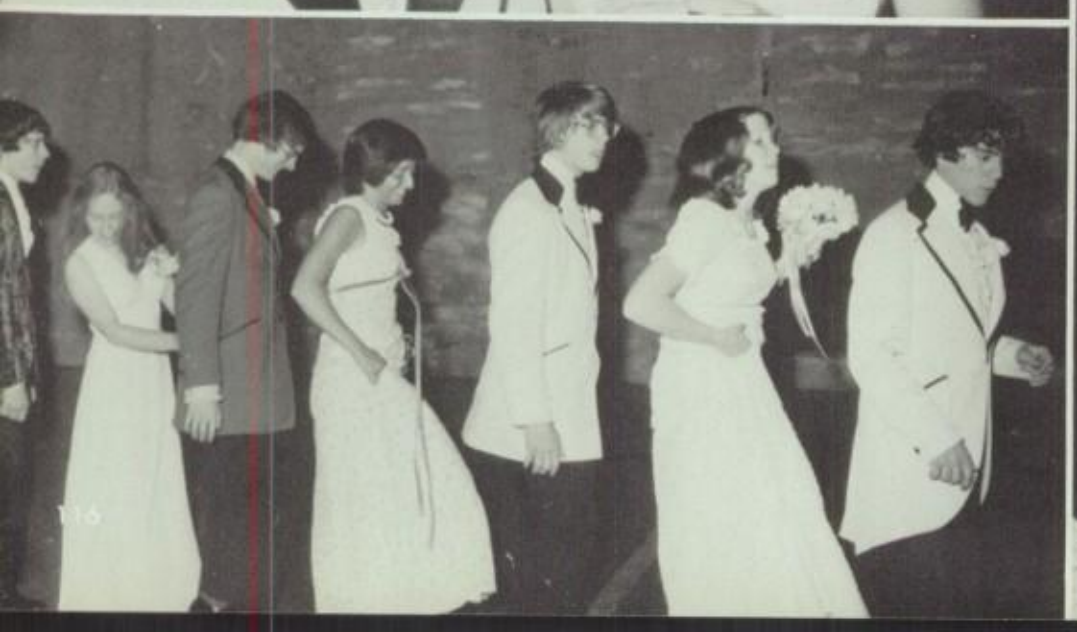


PAUL JOSEPH TODD
September 15, 1957 - September 9, 1972

As we look back over our years in Niskayuna, we have some sad memories. One of these is the death of our friend and classmate, Paul Todd. His whole life lay limitless before him on that September morning. He and some friends went for one last swim before school opened again. How typical of Paul that when a friend needed help, Paul gave his life so that his friend could live.

JOANNE NESSLOR EDWARD OLSEN

Although we miss their presence, may we learn from their absence. Everyone we meet touches our life in some way. We only wish we could have known them longer. Those who shared their friendship will cherish their memory of our former classmates.



Niskayuna High School's

XMAS FOR XENIA

"Xmas for Xenia" was a fund-raising drive conducted by students to aid the town of Xenia which was destroyed by a tornado last spring. Over $1400 was collected from seven Niskayuna schools, $400 of which came from the High School students.

As part of the program, the High School Committee conducted assembly programs at the various schools.

The money was sent to Xenia and was used to landscape a courtyard in the city center which was a favorite meeting place for the citizens of Xenia.

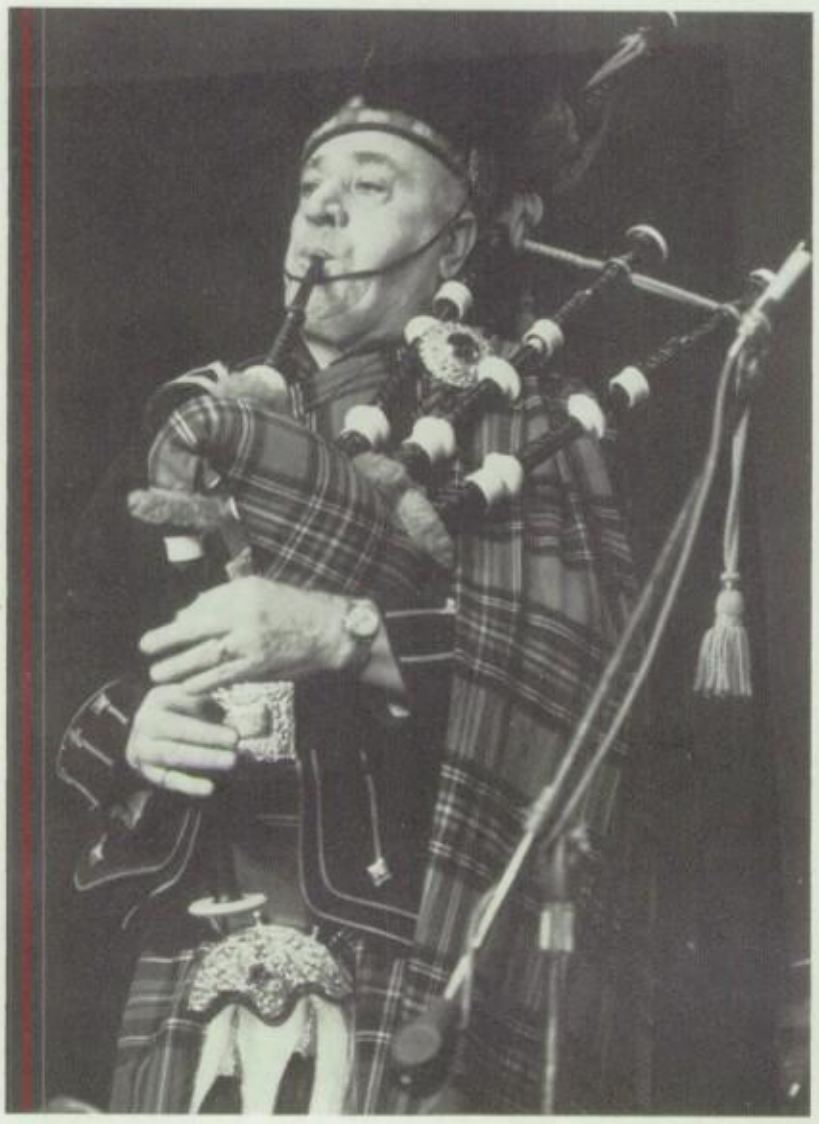
Vaughn and George Ward



The Niskayuna Folk Culture Club is most commonly associated with the Folk Festival it has organized for the past three years. Involving the efforts of over three hundred students and fifty members of the faculty, the Festival was designed to provide a wide range of "happenings" for the thousands of people who attended the concerts and Saturday programs.

The Club is not idle during the months between the Festivals. Mini-Festivals such as Family Day and Folklore in Your Own Backyard provided entertainment for people in and beyond our community. Student concerts have been held in addition to those featuring Jacqui and Bridie and Ray Frank and Ray Andrews. Niskayuna is well known in folk circles for the work done by the Folk Culture Club at Fox Hollow, Eight Step and Schenectady Museum.

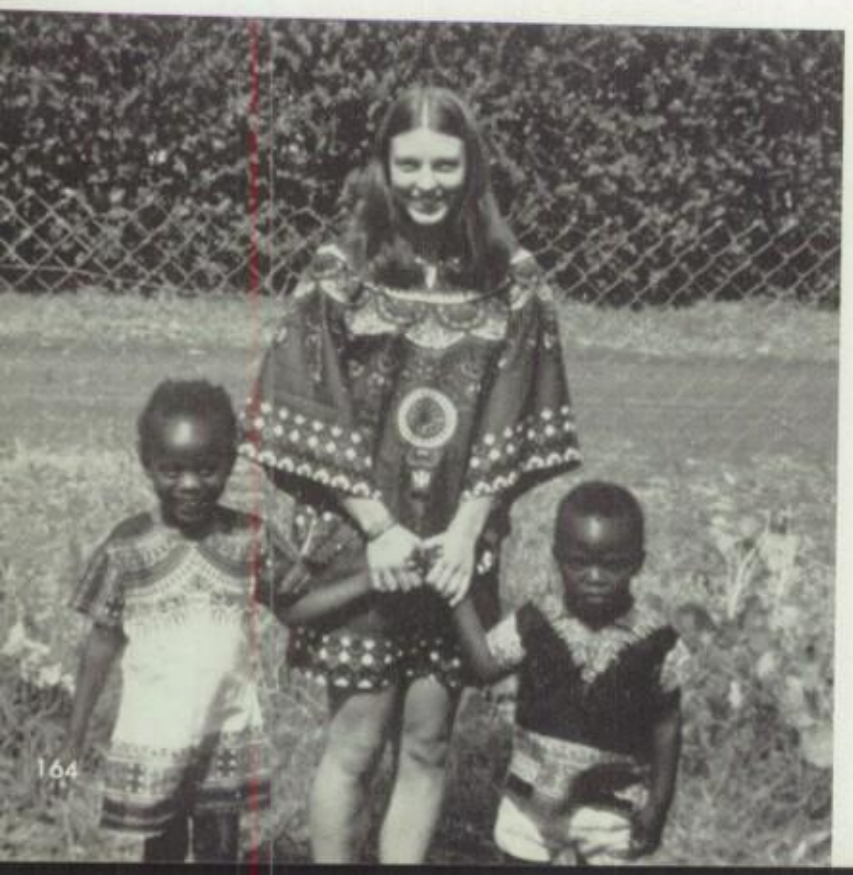
FOREIGN AFFAIRS

AFS Advisor Betti Haller with 1974-1975 Exchange Group

Through the American Field Service International Scholarships I spent two months in the summer of '74 living in Niarobi, Kenya with the family of Samuel and Loyce Wasikye. During my stay I was the object of curiosity and delight to my African schoolmates. I suffered through final exams with them (and even passed a few, namely - English) I watched Flip Wilson on T.V., got used to washing my hair in cold water, and learned to say a prayer before crossing the street, being at the mercy of the maniac drivers. I became quite an African dancer, learned to like liver, loved goat's meat, and found the hard way that "fresh" chicken is what you slaughter yourself.

The most important thing I learned was that people in East Africa are people just like you and me. We have the same needs and desires as they do. I grew to love my African family dearly and I know that part of me will always remain in Kenya.

Asante Sana,
Stacie Stoddard



At home in England

Hello,

This year as your AFS Exchange student has been really super and I have met some really nice people. I'm sure I won't have to mention how I feel about AFS. It has really been an experience seeing a different culture and how it ticks. I have seen a lot of this country and would like to come back someday.

Special thanks to those at Niskayuna who have made my stay really Ace.

Uoy Knaht!

(Thank you in British)

"In all of my life; never did I dream I would be going to a country as exotic as India! Being selected as an A.F.S. candidate is something that I will never, never forget!

I am so fortunate to have had the opportunity and the chance to see a life almost totally unique from the first person view and be young enough to use this knowledge to mold me into a better human being. I believe it has intensified my love towards others as people; real living and breathing things and has taught me a maturity for the little pleasures in life I take for granted. But my most fulfilling experience, was simply the beautiful people I met. They are people that are sensitive to other's needs and who can throw away their prejudices and promote world brotherhood and understanding. They are so eager to learn about you, just as I was to share my ideas with them.

I lived in a small, southernly village of India, known as Tiruchirapa Lli. And I can honestly say that there is absolutely no way I am able to compare India's life-style with that of America's. It is so completely different that I was faced with a thrilling challenge. My family consisted of several generations living together. I was able to live the Indian way of life and best of all, I was a part of the family. My summer in this most unique land was extremely exciting and rewarding for me. I want very much to return and to see all those who welcomed me so lovingly. This is my greatest wish . . .

I would also like to thank the many people in Niskayuna who spent much time and effort in making this summer possible for me."

'We learn to walk together, talk together, all ye people's of the earth.'

THANK-YOU

Hola!

I'm Robin Block and last year I was a Rotary foreign exchange student to Cochabamba, Bolivia. I can't begin to tell you of the beautiful experiences I had living with the Echeverria family, becoming a part of them and then leaving them. Part of my heart will always remain in Cochabamba.

Traveling through Bolivia and other parts of South America were exciting times for me. In the picture I am standing under the Puerta de la Luna (Door of the Moon) with my niece and nephew from Lapez. This ruin is a pre-Incan door left by the Tiahuanacan culture around Lake Titicaca in Bolivia.

Bolivians are very similar to us Yankees, yet they have a culture all their own. A main difference is that Bolivians sit back and rest while we race on with our lives.

Espero que sean felices toda
su vida

ROTARY EXCHANGE PROGRAM

Hi!

My name is Erik Nerstrøm and I'm a Rotary Exchange student from Denmark. I came to the United States August 15, 1974 and I have stayed with Robin Block and her family since then. My first experience when I came to this school was being in freer surroundings and having easier courses. I have loved each day of my stay here in the U.S.A. I hope that a lot of other kids will have the same experience of meeting other people around the world through organizations such as AFS and Rotary.

Thanks for the time we were together,

Erik

SPANISH TRIP

Trip to Spain 1975 - An Experiment in International Living

On Sunday, April 20, a group of 13 Spanish Students accompanied by Miss Scheck took off from JFK Airport for a 14 day trip to Spain. The students were John Ciccarelli, Diane Cramer, Mark Davis, Jerry Golub, Holly Harris, Chip Jewett, Diane Muccigrosso, Nancy Peters, Claudia Sandroni, Sharon Scotto, Ellen Stillman, Stephanie Sutton, and Lisa Travaly.

They sepnt an overnight in Paris and then flew on to Madrid. The group spent 3 days in Madrid; visiting the Escorial, El Valle de los Cáidos, the Prado Museum, the city of Toledo, shopping, using their Spanish and enjoying themselves in

GERMAN TRIP

This year the trip to Germany took 31 Niskayuna students to Hamburg for three days, twelve days in West Berlin, and three days in East Germany where Dresden, Leipzig, and Meissen were visited. A highlight of the trip was an invitation by the Senate of the city of West Berlin to visit the Reichstagsgebäude as their guests for lunch. A tour of the harbor of Hamburg, visits to the theater, opera, ballet, and zoo, an inspection of the wall dividing Berlin, visits to schools with lectures as to the problems of the "Iron Curtain areas," tours of the important parts of the cities filled the days of the Niskayuna group.

The trip began on Thrusday, February 13 with flight from J.F.K. Ariport on Icelandic Airlines to Luxembourg. Hamburg was reached by rail. The most exciting part of the trip undoubtedly was crossing the border to East Germany under visa and with the normal East German / Russian controls for border crossings. The students gained valuable perspective for an understanding of the problems of co-existence in Europe. Accompanying Mr. Hoffman as aides were three Niskayuna graduates Eddie Bee, Robert Taylor, and Peter Predko. Mrs. Randall Taylor acted as chaperone for the girls in the party.

SPANISH CLUB

"Cuevas" (small clubs) and restaurants. After the third day, they took a bus to a host community near Madrid where they were met in the plaza by host families. Each student spent the next eight days becoming a part of the host family; going to school with his (or her) Spanish peers and interacting in their new environment. The Experiment in Interantional Living was capped by a "Goodbye Fiesta" hosted by the American students and Miss Scheck.

Upon their return to Madrid, the students boarded a Pullman train and traveled overnight to Paris crossing the Pyrenees. After spending another night in Paris, the group returned to Niskayuna on May 4, happy and very, very tired!

Chris - Good luck in the future. You were a great manager and really helped the team. Always keep your great sense of humor. Brian

Donald Boothe, after sixteen years as Head Football Coach, resigned this year. His football coaching career record is 78-43-8 which includes six championships. Mr. Boothe came to Niskayuna in 1958 as assistant to Dr. Rod Snelling. The next year he took over as head coach and dominated the league for the next three years with successive titles. Mr. Boothe's sophisticated brand of football is generally credited for raising Suburban Council Football to it's high caliber of today. His coaching background included positions at Mentor and Massillon, both schools in Ohio.

Mr. Boothe is respected throughout the league as a gentlemen. Although Mr. Boothe stressed winning, his main concern was to have his players perform to the best of their capabilities. He felt that winning would take care of itself if the players accomplished this. As a coach he was a very fair man and cared about each player as an individual.

As players at Niskayuna it was an honor and a pleasure to play under Mr. Donald Boothe. Niskayuna is extremely lucky to have an Athletic Director of his caliber. We players want to thank him.

BOYS J.V. BASKETBALL

"I deal in futures and I feel the future is bright for Niskayuna basketball because of the improvement that has taken place in a number of Junior Varsity basketball players during the 1974-1975 season. When I see that kind of improvement in boys, I count it as a successful season."

General Electric employees

are involved in their communities

More than twenty-five thousand Schenectady General Electric employees are involved in some way with area community affairs through local governments, school programs, civic, social, religious and cultural groups and fund participation . . . in all representing literally hundreds of local and national organizations.

Why? Because being part of the community means participation in community affairs. And General Electric encourages this attitude, this time and talent contribution, through individual recognition of outstanding public service and selective program sponsorship and support.

General Electric Company and its employees believe that a better community only happens when people work to make it that way.
